Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

The reason I got the Tracfone is because its a great service, but it is almost to the point where it is not worth it anymore. If you raise it anymore I'm considering going to get a Cricket phone it will cost the same and I could use it whenever I want without using any time. "So Please Do Not Raise It Anymore"

Thank You Very Much
